

Recognised leader in IT Security recruitment since 2002

Red Top is highly experienced in IT Security recruitment with a proven approach that “makes things happen.”

If you employ Information Security professionals in a Permanent or Contract capacity, we guarantee that you will see the value in working with Red Top immediately.

- Experienced recruitment team with **in-depth market knowledge** and full understanding of your IT Security requirements. We have been experts in this market sector since 2002.
- All **Permanent, Contract and ‘Ad Hoc’ recruitment** requirements addressed professionally and promptly **to your timescales**.
- **Extensive network of Information Security professionals** across UK & Europe. Red Top predominantly identifies the right candidates from **recommendations and referrals**.
- **All candidates interviewed** before their CV is sent for your review. Full details on your company and the opportunity are also given to the candidate prior to their CV being sent.
- **Accurately matched candidates**. We pride ourselves on locating ‘rare-to-find-skills’ and only sending forward individuals who are exact matches to your specifications.
- Red Top has existing business relationships with **Central Government, OGC Catalist Suppliers, MOD, Security Consultancies & Commercial organisations with Security Departments**.
